Former Service Men in Conven-

Exclusion of Aliens and In-
struction of Those Here
Is Indorsed

By United Press Leased Wire
Kansas City, Mo.—A resolution de-
manding immediate passage by con-
gress of the 5-fold plan of adjusted
compensation for former ex-service
men was passed by the third annual
American legion convention after
speakers had scored "back door poli-
tics" which they declared was re-
sponsible for the bill's recent defeat.

The resolution was included in the
report of the legislative committee.

"Speakers who presented the report
declared that the recent defeat of the
bill was brought about by a small
minority."

It was declared the country as a
whole favors the adoption of the bill
as a "national obligation to former
service men."

The remainder of the legislative re-
port containing resolutions for recla-
mation of lands, increased compensa-
tion for blind and maimed former ser-
vice men, amendments to the war
risk insurance act, priority rights for
former service men under the home-
stead act and the making of Armistice
day a national holiday was adopted.

Would Exclude Aliens

Exclusion of all aliens for five years,
providing relatives of aliens already
naturalized in this country, be al-
lowed admission, was adopted as part
of the Americanization committee's
report.

"Identified naturalization ceremonies,
encouragement of societies for bet-
terment of aliens and movements to
free aliens from usurers and loan
sharks also were indorsed."

A resolution demanded that con-
gress draft suitable and proper legisla-
tion to provide for the teaching of
the English language, civil govern-
ment and American history in every
public school. Cancellation of teach-
ing certificates was recommended for
disloyal teachers.

An immigration resolution asked
that immigration be restricted and
careful mentality and blood tests be
given immigrants at the port of de-
barment, also suggests deportation
for any immigrant who does not take
out naturalization papers within a
specified time.

N. P. DEFEAT OPENS WAY FOR NEW FIGHT

North Dakota Election Fight
Leaves Both Factions Un-
satisfied With Outcome

By United Press Leased Wire
Fargo, N. D.—Probably the first step
of Independents when they take office
will be a probe of the affairs of the
Bank of North Dakota.

Both sides agreed Wednesday with
out complete tabulation, that the in-
tiated law calling for liquidation of
the bank failed to pass when voters
ousted Nonpartisan state officials last
Friday.

This leaves the Nonpartisan pro-
gram intact, but with the Independent
state officers to run it.

As a result of this situation politi-
cians Wednesday foresee months of
bitter propaganda publicity in prepa-
ration for the regular elections next
summer. Both Independents and
Nonpartisans have established records
for getting publicity.

Independents promised to give the
industrial program a chance if they
were elected. They have the chance.
For the first time they will find the
books of the Bank of North Dakota,
the home building association and the
Grand Forks mill and elevator project
open to them.

"The governor of this state has
more power than the czar of Russia
in his palatial days," an Independent
leader close to the Governor-elect
Nestor said.

"We didn't want that power, but
the people gave it to us. The mill
and elevator at Grand Forks will be
completed according to campaign
promises and the Bank of North Da-
kota will have to be continued."

"If the Independents carry out the
industrial program now, they may
succeed in making the league large-
ly unnecessary and thus kill it," a
prominent Nonpartisan said. "We
didn't want the office, we wanted the
program."

RECOVER \$1,000 TAKEN IN SALOON ROBBERY

By United Press Leased Wire
LaCrosse, Wis.—All of the \$1,000 in
currency and checks believed to have
been taken by a lone bandit from the
saloon of P. J. Kelley here Monday
night, has been recovered.

Hidden underneath a coal pile in a
shed back of the saloon, \$800 was
found and the rest was discovered in
the cash drawer.

Christ Reahr, bartender, who told
police of having been taken uncon-
scious by the bandit while alone in
the saloon, is being held pending an
investigation.

TOWNLEY EVADES SCRIBES ON JOURNEY TO PRISON

Jackson, Minn.—Arthur C. Town-
ley was enroute here Wednesday in
an automobile to start his 30-day jail
sentence.

After buying a railroad ticket in
Fargo to St. Paul, he eluded news-
papermen and photographers by
rushing out of Fargo in an automobile
with a friend. His route was un-
known here, but it was believed he
would come by way of Granite Falls,
Redwood Falls and Windom. Town-
ley is not expected before night. He
was convicted of violating the Min-
nesota espionage act.

Fifteen Noted Men On Forum Program

Dr. Frederick S. Shannon
Opens High Class Series of
Lectures at Lawrence Memorial
Chapel Next Sunday
Evening.

Fifteen of the most noted men in
the midwest and the United States
will be in Appleton during the fall
and winter to deliver lectures under
auspices of The People's Forum, ac-
cording to the program prepared by
Dr. Samuel Plantz, chairman of the
program committee. The first meet-
ing will be held Sunday evening
when Dr. Frederick S. Shannon, one
of the greatest preachers in America,
will lecture on "Disarmament." All
the meetings begin promptly at 7:30
with a brief musical program under
the direction of Carl W. Waterman,
dean of Lawrence conservatory. The
lecture is to begin promptly at 8
o'clock.

Questions will be asked the speaker
from the floor of the auditorium after
each lecture. This is one of the most
popular features of the forum meet-
ings and an effort will be made all
during the winter to have interesting
and helpful discussions. Since the
lectures will be taken at each meet-
ing to defray expenses.

Peng Chun Chang, probably the
most noted Chinese lecturer in Amer-
ica, will be the second attraction. He
is to speak on "The Problem of the
Pacific," Nov. 13.

Following is the complete program:
Nov. 6—Disarmament—Dr. Fred-
erick S. Shannon.

Nov. 13—The Problem of the Pacific
—Peng Chun Chang.

Nov. 20—Community Music—Edgar
B. Gordon.

Nov. 27—The Non-Partisan League
(affirmative) Lieut. Gov. George F.
Comings.

Dec. 4—The Non-Partisan League
(negative) Rev. H. Garfield Walker.

Dec. 11—The United States and
Europe—Prof. Graham Stuart.

Dec. 17—Cooperation in Industry—
Dr. M. A. Braum.

Jan. 8—Christian Citizenship—
Judge M. E. Rosenberg.

Jan. 15—Race Prejudice and Anti-
semitism—Rabbi Samuel Hirschberg.

Jan. 22—What's Wrong with the
World—Dr. William H. Kieckhefer.

Jan. 29—America in World Rela-
tions—Dr. Silas Evans.

Feb. 5—Christianity and Interna-
tionalism—Dr. Shailer Mathews.

Feb. 12—Taxation—Governor John
J. Blaine.

—Attorney General W. H. Morgan.

Feb. 26—Reunion of the Christian
Church—Bishop W. H. Weller.

G. O. P. FEARS REED MOVE TO AID VETS

Washington.—Squeezed between the
"bonus or no bonus" issue set up by
the Democrats, many Republican sen-
ators Wednesday were threatening to
bolt their leaders and vote for some
proposal to grant the demands of the
soldiers.

This wavering on the part of Repub-
licans has changed the attitude of
bonus advocates from one of foreboding
hope to confidence as the real fight
over the proposal nears.

Although Republicans without ex-
ception chafe the Democrats with
political trickery they hesitate to vote
against Senator Reed's amendment to
the tax bill which provides that the
bonus be paid out of excess profits.

A number of senators took with fear
on the proposal of Senators Sym-
mons and Walsh of Massachusetts to
pay the bonus from a fund created by
the interest on the \$11,000,000 debts
due the United States from foreign na-
tions.

Arrested Prohibition Agents Say
They Will Fight Charges
Against Them

By United Press Leased Wire
Milwaukee.—Indictments charging
former prohibition officers here with
conspiring to violate the national pro-
hibition laws revealed Wednesday
that more than \$200,000 in bribes
and bonuses was alleged to have been
paid out by the Joseph Dudenhofer
company here in order to carry out
their alleged liquor traffic.

According to the information re-
vealed by the indictments, Joseph
O'Neill was alleged to have received
\$43,365. The others alleged to have
received bribes and bonuses are
charged with having received the fol-
lowing amounts: Sam H. Cohen, \$17,
345; William Dunsold, \$30,000; Joseph
Guidice, \$28,500; Thomas Delaney,
\$37,000; Joseph Ray, \$24,000 and
George Egger, \$26,100.

Leading politicians and former
United States officials arraigned Tues-
day under indictments by the federal
grand jury, charging them with con-
spiring to violate the prohibition laws,
entered pleas of not guilty and several
stated Wednesday they plan to fight
the cases, taking them to the high-
est courts, if necessary.

Trial for the men arraigned here
yesterday had been set for November
15 and 16. Bail for Joseph Ray,
Thomas A. Delaney, Joseph P. O'Neill,
all charged with conspiring to violate
the national prohibition act, was set
at \$5,000.

Bail for Joseph Dudenhofer Sr.,
Joseph Dudenhofer Jr., Sam H.
Cohen, John F. Blum and Walter
Burke was set at \$5,000 and they were
ordered to appear for trial November
15 and 16.

A charge that liquor was being sold
in Oshkosh with little interference
from the police, was made late yester-
day afternoon in United States court
by William O. Melahn, United States
district attorney. The accusation was
made during a hearing on the case of
Arthur Gabbard Jr., son of the as-
sistant chief of police of Oshkosh, who
pleaded to the possession of whisky
and was fined \$200.

HULL WANTS TO BE SURE WOMEN WILL BE GOOD DEMOCRATS

St. Louis, Mo.—Women here
Wednesday mapped out the part
they are to play in bringing the
Democratic party back into power.
Mrs. James Campbell Cantrell,
Kentucky, met with other women
members of the Democratic na-
tional committee at the sugges-
tion of Cordell Hull, Tennessee,
new chairman of the Democratic
organization, who succeeded
George White, Ohio.

"Many states have neglected
to place women on the state com-
mittees," said Hull.

"If we are to successfully bring
the party back into power a strong
organization of women is neces-
sary."

Several Democratic national
leaders stayed over here Wednes-
day for conferences.

Hundreds Of Letters For Richards, "Wizard"

Another flood of letters and ques-
tions greeted Richards, the wizard,
at the office of The Post-Crescent
yesterday. In two deliveries

letters were
received for
Richards from
all parts of
the country
and even from
other cities
and countries.
This number
was almost
equal to the
total received
on Monday.

nouncement that Richards would an-
swer questions through this news-
paper.

Richards opened a week's enema-
ment at the Appleton theater Mon-
day, with a wonderful performance
of this nature. His show contains
magic, music, comedy, sensational
surprises, and a very elaborate dis-
play of scenery and costumes, for
Richards carries a carload of effects,
an excellent company and special or-
chestra. During the mental portion
of the performance, Richards demon-
strates his amazing powers as a
psychic.

ALLIES DEMAND CARL RENOUCE HIS THRONE

By United Press Leased Wire

gary demanding that abdication of the
Hapsburgs be proclaimed by Monday.
Former Emperor Karl, who made an
unsuccessful effort to regain the
throne for the Hapsburgs in custody

warship until the allies decide what
to do with him. The abdication pro-

JURY WILL TRY TO SOLVE DOUBLE MURDER MYSTERY

Portsmouth, Ohio.—Hopes of solv-
ing the mysterious double murder of
Louise Doyle, 19, and J. W. Newman,
26, Wednesday rested with the
county grand jury, summoned to
make a probe Thursday.

Authorities, tracing leads, since the
bodies of the two church workers
were discovered in an abandoned cot-
tage last Saturday have failed to
make an arrest. Officials have been
unable to agree on a motive.

Sheriff E. E. Riekey was reported
working on a new clue, but he re-

CRISIS AHEAD WITH COAL MINERS IDLE

On the verge of winter, Amer-
ica was threatened with a fuel
famine Wednesday. The growing
"outlet" strike of union
miners, combined with the ex-
isting shortage in coal supplies,
produced a situation generally
regarded as serious.

More than 20,000 miners al-
ready had quit work in Ohio,
Illinois and Indiana in protest
against the federal injunction
abolishing the check-off system
of collecting union dues.

The fact officials of the United
Mine Workers in Indianapolis
had instructed the 350,000 mem-
bers of that organization to re-
gard operators' compliance with
the present contract, which
terminates in March, was looked
upon as an invitation to a general
walkout.

England Can Crawl Out Of Jap Treaty

United States Initiative in Call-

Chance to Drop Trouble-

By David Lawrence
Copyright 1921 by Post Pub. Co.
(In this the third of a series of sig-
nificant dispatches, David Lawrence,
the famous Washington correspond-
ent, tells why the United States con-
sider the alliance between Japan and
Great Britain as a menace to America
and the inside story of how the com-
ing conference on Armament hap-
pened to be called.)

Washington.—The United States
has never liked the Anglo-Japanese
alliance. Republican and Democratic
administrations alike have felt that
alliances only led to dangerous mis-
understandings. Europe has revealed
the mischief which a system of al-
liances develops. The formation of an
alliance in Central Europe between
Germany, Austria-Hungary and Italy
was offset only by an entente cordiale
between Great Britain, France and
Russia.

It led to war.

But the objection to the Anglo-Ja-
panese alliance has not been merely
that it sets up England, the greatest
naval power in the world, as a work-
ing partner of Japan with whom
America has been having in recent
years some troublesome disputes. It
is that spurred on by the knowledge
of such a partnership, the Japanese
have assumed an attitude toward
China, wherein American, French,
British, German and Russian interests
were likely to be permanently injured.

Fears Two Powers

Japan need not fear impoverished
Russia or helpless Germany. She need
only be concerned about Great Britain
and the United States. Financially
distressed as is the British empire,
Japan might feel herself capable of
going it alone in the Far East. Britain
was too much absorbed in domestic
troubles to disturb Japan's pretensions
while the United States was not
inclined to go to war over China's
plight. She was too far away and
her people were already sick of ex-
penditure. Japan, however, had ex-
pended little money during the war
and was near enough to China to offer
the Japanese imperialist golden op-
portunities for commercial gain by ex-
ploiting China's resources.

Great Britain counselled against the
abrupt cancellation of the Anglo-Ja-
panese alliance. Couldn't some other
way be found to accomplish the same
end and at the same time prevent
Japan's aggression? Diplomacy
moves in strange ways its wonders
to perform. Couldn't the United States
lend a helping hand?

President Harding admitted publicly
that he had been sounding out the
powers on the subject of an arma-
ment conference. Ambassador Harvey
was entrusted with that mission.
America wanted an armament confer-
ence called—England wanted some-
thing done about Far Eastern prob-
lems, she was anxious that a graceful
way be found to lend her out of the

SAY CHARGES OF CRUELTY IN ARMY ARE EXAGGERATED

Senator Watson's Sensational
Talk About Unfair Sol-
dier Deaths Refuted

Washington.—Senator Watson's
charges of war executions in France
without courtmartial brought a storm
of denials Wednesday from army
officials.

Senator Brandegee, Connecticut,
called a meeting of his special in-
vestigating committee Wednesday to
arrange for the release into the
charges.

Colonel Kregier, in charge of court-
martial abroad, holds that the pub-
lic has an exaggerated idea of what dis-
ciplinary measures were taken ab-
road. His records between April 6,
1917, and August 31, 1919, show that
of 20,918 cases tried there were 24,
665 approved convictions. These sub-
sequently were disposed of as follows:
Dishonorably discharged and dis-
missed, 5,991; dishonorably discharged
but sentence suspended, 6,674 out of
which there were 6,248 "salvaging"
average of three weeks. Taken to-
gether the sentences averaged only
12,003; life sentences, 161. The av-
erage length of sentences imposed by
court martial was 3.22 years between
April, 1917, and September, 1919, but
among 2,488 cases of restoration to
the colors the sentences averaged
5.25 years although the actual time
served averaged only .49 years.

Enough Coal In Yards To Keep Country Warm For About Two Months

By Herbert W. Walker
By United Press Leased Wire
Washington.—The nation has a re-
serve supply of coal sufficient to last
from three weeks to two months, if
production is halted by a big strike
figures obtained Wednesday from gov-
ernment sources and the National Coal
association showed.

With the first touches of winter al-
ready here the coal reserve situation,
as summarized by the National Coal
association, follows:

1. Household consumers have not
stocked their bins heavily but there is
available in retail yards the country
over a sufficient supply to last over an
average of three weeks. Taken to-
gether the stocks in bins and yards
will average approximately a six
weeks to two months supply.

2. Public utilities have reserves
sufficient to last from two to four
months on the average.

3. The railroads have approximat-

URGE MERCHANTS TO DECORATE STORES

All merchants in Appleton are asked
to decorate their business places for
Armistice day, Nov. 11, and for
"homecoming" which is to be ob-
served the day following.

Ordinarily, elaborate decorations are
made for the homecoming and because
Armistice day is just the day previous
this year, it is pointed out that it will
be quite in order and quite as easy to
decorate for both days.

The recommendation was made by
the retail trades division of Appleton
Chamber of Commerce following a
meeting Tuesday morning.

Men Strike To Protest Court Writ

Soft Coal Miners Leave Jobs
When Federal Court Instructs
Operators to Abolish Check-
off System—Miners in Need
of Money.

BULLETIN
Chicago—Illinois coal miners were
instructed to stay on their jobs
Wednesday by Frank Farrington,
head of the Illinois branch of the
United Mine Workers of America.

Following a conference with mine
operators here Wednesday, Farrington
sent a telegram to all local unions
ordering them to keep their men at
work.

Indianapolis, Ind.—Strike of bitu-
minous coal miners trying up mines in
16 states apparently hinged Wednes-
day upon whether all mine operators
consent the federal check off in-
junction as applying to them.

If they do, a strike may material-
ize on or about November 10, next
pay day at the mines.

THE CHECK OFF

Indianapolis, Ind.—The check-
off system is the means by which
mine owners deduct funds for the
United Mine Workers from the
miners' wage. This money is
then turned over to the union
treasury.

In all other matters, the two
factions are at loggerheads.

But under the check off the min-
ers trust the money with the op-
erators whom he distrusts in ev-
erything else.

abolishment by court order of the
check off method of collecting union
dues.

Miners in Ohio and Indiana walked
out, tying up many mines. In Illi-
nois, Iowa and other states, the strike
was considered by local organiza-
tion. In the meantime chief officers
of the United Mine Workers of America,
meeting at Indianapolis, considered
a general strike of its entire mem-
bership.

Miners were not in a financial
condition to meet a strike, as a result
of a large amount of unemployment
throughout the industry. This was
said to be the chief deterring factor
to a strike call.

Instructions were sent from the
general offices in Indianapolis to
all local unions instructing them re-
garding the check off injunction. If
mine operators refuse to use the
check off method, it will be a viola-
tion of their contract with the union,
the labor chiefs declared.

Nearly thirty thousand miners had
walked out Wednesday. Most of
these were in the Indiana fields.

M. L. Gould, president of the
Indiana Coal Operators, said Wednes-
day that his association plans to obey
the injunction rather than the miners'
threat.

Not all Affected
Lewis' order affects only a portion
of the union membership. The check
off is not used in the anthracite fields
and the Canadian union districts are
not affected by the injunction granted
in this country.

Tuesday before the conference
started, it was said that the miners
would not strike. One of the chief
reasons for the statement at that
time was the lack of actual ready
cash in the union treasury. Accord-
ing to the statement of Secretary-
treasurer William E. Green, at the
international convention here, there
is not enough money in the national
treasury to finance a strike of any
duration.

TELLS STORY IN POLICEMAN'S WAY

Harthill, Will Explain in Lecture
Here Why Many Reformers
Fail to Reform

Curiosity to know the inside workings of the world of vice and crime as only a police official who has been in the midst of it can tell it is leading many to remark that they will hear Lewis Harthill of Minneapolis when he speaks here at 8 o'clock Thursday night in Lawrence Memorial chapel. The realistic descriptions of the former chief will be all the more convincing with 160 original pictures which he shows on the screen.

Mr. Harthill will tell why efforts of many so-called "long-haired" reformers fail. He does not theorize or express opinions, because he actually has brought about jail reforms.

GRAND DANCE

Meltz Pavilion, Twelve Corners, Friday, Nov. 4th. Music by the celebrated Al. Gabler's new wonderful orchestra. Hall that is well ventilated, lighted and heated for comfort. A cordial invitation is extended to the general public. Refreshments served. Admission 85c.

He even has gone further and has put many methods into operation that prevent young people from turning into paths of vice. He will tell how many of these things are done.

It has happened in other cities that the real value due Mr. Harthill's lecture was not placed upon it during his first appearance, but once his work became known, he was called back a second time and found a packed house awaiting him. This happened at Kaukauna, where he has spoken twice.

The Appleton Trades and Labor council is sponsoring Mr. Harthill's appearance here and indications are that the attendance will be large.

Replace Pavement

Workmen are engaged in replacing the cedar block pavement on bridge spanning the canal of Fox River Paper Co. which has been in a fairly worn condition for some time. The iron bridge on the opposite side of the river immediately south of the one over the canal leading to the plant of the Patten Paper Co. is to be removed. The depression beneath the structure was filled in last spring.

NAGLER ELECTED AT E. L. MEETING

The Rev. Theodore Nagler of Appleton was elected assistant vice president of the Epworth league at the Epworth league and Sunday school convention in Sheboygan, Friday, Saturday and Sunday, Oct. 28, 29 and 30. Other officers elected were Marvin Meyer, Milwaukee, president; Walter Oldenburg, Ripon, vice president; Albert Bauer, assistant; Charles Brockner, Merrill, secretary; Miss Lena Hinz, Green Bay, assistant; Miss Edith Mueller, Beaver Dam, treasurer; Hugo Klein, Milwaukee, assistant.

Besides Appleton the following cities in the Milwaukee district were represented: Algoma, Clayton, Beaver Dam, Brillion, Fond du Lac, Friendship, Green Bay, Wrightstown, Ripon, Sheboygan, Concord, Oconomowoc, Sturgeon Bay, Wausau, West Bend, Watavia, Marinette, Manitowish and Wittenberg. More than 300 delegates attended.

The Appleton delegation was Rev. Foldt, Rev. W. H. Weiss, Rev. Gross, Rev. Nagler, Rev. Jandre, Rev. Elger, Rev. Moore, Rev. Wagner, Rev. Manzner, Rev. Guenther, and John Schueller.

Meet in Fond du Lac

Members of the International Printing Pressman and Assistants union will hold a state conference at Trades and Labor hall, Fond du Lac at 1:30 Sunday afternoon, Nov. 6. Various questions confronting unionism will be discussed.

George L. Berry, president of the international union, and Joseph F. Byrne, international representative, will be the main speakers.

Preparations for Home-
coming Battle

Old Grad and all his classmates, their wives whom they met at Lawrence, their old girls whom some other fellow married are planning on coming home to Lawrence for the Ripon game, Nov. 12. Plans for entertaining all the "old timers" and those who refuse to be relegated to that class are well underway.

Col. F. J. Schueller will be principal speaker at the banquet to be held in the armory after the big game on Saturday. Dr. A. A. Trever will be toastmaster and speeches by representatives of the student body, faculty, alumni and football team will be made. The Ripon team members will be guests of honor at the banquet.

Impromptu class reunions will probably take place Saturday morning. Buttons will be sold to designate the alumni and the student body. A big massmeeting has been scheduled for Friday night when the "alums," especially those who have played in Ripon games will generate "pep" for the game.

Greek letter organizations and clubs in the college are busy getting ready for the return of their members. All Lawrence students who wish to return for this event, the second annual homecoming will be made room for. Appleton alumni are especially requested to register in Main hall on Saturday morning, to attend the game, in the afternoon and the banquet, in the evening. Alan Hackworthy is general chairman.

candidate, Dr. Plantz said that it was news to him and that he had no intention of allowing his name to be used. He suggested that perhaps some loyal Lawrence alumnus had suggested his name as a possible candidate and from that had come the announcement that he was to be in the running for the office.

LITTLE RESPONSE TO APPEAL HERE

Few Churches Plan Special Ser-
vices for Disarmament
Sunday, Nov. 6

It is possible that only two or three Appleton churches will hold special disarmament services Sunday morning, Nov. 6 in response to the appeal sent out by the Federal Council of the Churches of Christ in America. At a recent meeting of the Appleton Ministerial association it was decided to hold a mass meeting on the morning of Nov. 11 in Lawrence Memorial chapel. As yet the churches to take part in the service have not been announced.

The Rev. A. L. McMillan, pastor of First Baptist church stated that special services will be held at the Baptist church on Sunday, Nov. 6 to stimulate interest in the coming conference. A special sermon and music will be given.

"No special services will be held at the Congregational church on Sunday, Nov. 6," said Rev. Harry E. Penbody, pastor. "A disarmament sermon was preached Sunday, Oct. 30."

\$354 COLLECTED IN COURT IN OCTOBER

A total of \$354.95, comprising fines, officer's fees and court costs was collected in the lower branch of municipal court for the month of October according to the monthly court report made public Tuesday.

Of this total, \$279.70 represented fines and court costs in actions from the county at large, \$50 was fines for violation of Appleton city ordinances and \$25.25 was for Appleton officer's fees.

Informers against persons who violated state game laws received \$23.52 or one-third of the fines collected from the offenders as provided by law and this amount is included in the total mentioned.

Fines collected in the higher branch

pastor of the Trinity English Lutheran church, preached on disarmament on Oct. 30 and no other special services will be held, according to information from the pastor.

There will be no special service in Memorial Presbyterian church according to word received from Rev. J. B. Koehn, acting pastor of the Presbyterian church.

of municipal court are not included in this report. Fines collected for violation of state "blue sky" laws swelled the coffers of the court for the month.

How to Increase Weight and Put on Solid Stay-There Flesh

What difference does it make to you that a touch of color is appearing in your cheeks and that your occupation ceases to become a task and is a pleasure. Notice that never before in your whole life have you enjoyed living as you do today. Weigh yourself at the end of one month and let the scales tell the story.

All good druggists have agreed to supply thin, run-down, under-developed persons with the understanding that if one month's treatment doesn't give most gratifying results your money is waiting for you. But don't take it even though it accomplishes wonders in nervous digestive troubles and as a general nerve tonic, unless you really want to put on flesh and gain weight.

Customers like to come to the ARCOLA-warmed Store

ARCOLA is the most perfect heating plant yet developed for making the store, the restaurant, the garage, the detached office and the shop more inviting to the customer.

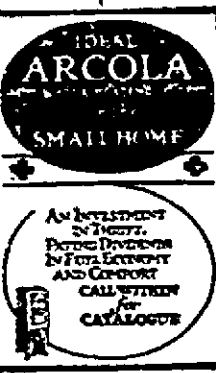

People dislike to enter a store made stuffy by a hot-air furnace or old-fashioned stoves. **ARCOLA**, connected with American Radiators, fills every corner with healthful, hot-water warmth—the same perfect warmth which our larger heating plants supply to larger stores, office buildings and factories.

You must see **ARCOLA**: it is so different. Not a stove;

not a furnace; but a combination of boiler and radiator in one—giving off warmth itself and sending warmth to several radiators besides.

It is really a gift, for it is guaranteed to pay for itself in the fuel it saves, as against a hot-air furnace or stoves.

On your way home, look for the sign "Heating" or "Plumbing." Stop in at the nearest store and ask an expert to tell you how cheaply and easily **ARCOLA** can be installed for you—a *once*.

The red and yellow card at the right is the sign of a Heating or Sanitary Engineer (you used to call him Steamfitter or Plumber) who can show you **ARCOLA**. Look for it in his window. It will pay you to consult him twice a year as you do your Doctor or Dentist. To have him examine and report on your heating and plumbing costs little. It may save you a great deal.

RUNS UP STAIRS LIKE A GIRL NOW

Mrs. Rees Says She Hasn't Had A Sign of Rheumatism For Two Months

"I am now sixty-two years of age, but the way I get around to do my housework one wouldn't think I was that old by a good many years," said Mrs. Ella Rees, 171 South Wyoming Place, Milwaukee, Wis.

"Yes, sir, I praise Tanlac to everybody, and I certainly have a good reason for it, too. For three years I suffered terribly from rheumatism in my arms and shoulders, couldn't hold to the banisters and pull myself upstairs, and my back felt just like it would break in two. My housework was something I could not do, and I did not care to eat, and all during the day I felt like lying right down and going to sleep.

"I saw in the paper one day where Tanlac had relieved someone who seemed to have a case just like mine, so I started taking it, and finished my sixth bottle some time ago. I have not had a pain in my arms or shoulders in two months now. I can actually run upstairs, and I call that time for a person of my age. I go about my housework singing, for I never feel tired or sleepy any more, and my appetite is so good I am always ready to eat at meal time. I want everybody to know what a good medicine Tanlac is."

Tanlac is sold in Appleton by Voigt Drug Co., and by leading druggists everywhere.

Serve Hot Waffles

KITCHEN

While there is really very little difference between the batter for waffles and the batter for griddle cakes there's a crispness and delicacy to waffles not found in griddle cakes.

Waffles and syrup make a quick and easy Sunday night supper.

Sweet or sour milk, many eggs or few may be used. The more eggs the richer the waffle.

Sour Milk Waffles

One egg, 2 cups sour milk, 2 cups flour, 1 teaspoon soda, 1/2 teaspoon salt, 2 tablespoons melted butter.

Mix and sift dry ingredients. Add yolk of egg well beaten. Mix perfectly smooth and beat in melted butter. Add milk and beat with an open spoon or a strong dower beater. Fold in the white of the egg beaten stiff and dry. Put 1 tablespoonful of the batter in each section of the iron and cover. The iron should be hot enough to turn almost as soon as it is filled and covered. If an electric iron is used, add another tablespoonful of melted butter to the rule.

Sweet Milk Waffles

Two cups flour, 2 1/2 teaspoons baking powder, 1/2 teaspoon salt, 2 cups milk, 2 tablespoons melted butter, 2 eggs.

Mix and sift dry ingredients. Add yolks of eggs well beaten. Mix thoroughly and add melted butter. Mix and add milk. Beat well. Fold in the whites of eggs beaten stiff and dry. Bake as in preceding recipe.

Some old waffle recipes use as many as seven or eight eggs. This is out of the question these days and

quite unnecessary to make good waffles.

The real secret of tender, crisp waffles lies in the baking. The iron should be well heated on both sides and well greased before filling. A round iron fits over the flame of a gas range better than a square one. One or two tablespoons of sugar added to a

waffle recipe aids in browning the waffles.

To you this week

This 10-Day Tube of Pepsodent. Present the coupon to the dealer named below.

Make this delightful test. Watch the quick effects—see the change in a week. Then you will realize what this new way means to you and yours.

Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids which cause decay.

Five important effects come from every application. And modern authorities deem all of them essential.

Not for women only

The most conspicuous effect is glistening teeth. Countless women employ it largely on that account. Few things add so much to beauty.

But men also want white teeth. Men who smoke find that teeth discolor quickly, due to stains in the film.

Pepsodent means more than this, however. It means cleaner, safer teeth. Children need it even more than others. Their teeth are easily attacked, and very few escape. Dentists advise that Pepsodent be used every day from the time the first tooth appears.

To all it means a new conception of clean, well-protected teeth.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.

This test will prove a delightful revelation. To you and yours it may bring life-long benefits. Every day you wait may mean new damage. Cut out the coupon now. Present it this week.

A Surprise Tonight

If you will try this way to prettier teeth

This test will surprise and delight you. The results are so quick, so pleasing, so conspicuous.

Millions have already made it. The glistening teeth seen everywhere now show some benefits it brings.

Go get this free tube from the dealer named. Use it and watch the effects. It will open up to you and yours a new era in teeth cleaning.

Why prettier teeth?

This method brings whiter, prettier teeth because it fights the film. Your teeth are now covered with a viscous coat. Feel it with your tongue. It clings to teeth, enters crevices and stays.

Old brushing methods do not remove it all. Enough remains to make the teeth both dingy and unsafe.

That is why teeth look cloudy. The film-coats absorb stains. Film also causes most tooth trouble. And, under old methods, all those troubles have been constantly increasing.

How film ruins teeth

Film dims the teeth's luster. It also forms the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Three other essentials

Modern science also requires three other essentials from a tooth paste. The old methods did not bring them. Pepsodent brings them all.

Look at the value—not price when buying Rubber Goods

You will find that in some homes a hot water bag or bottle lasts for years. In others, they are useless after the first few months. There is really no wear or friction on a hot water bag, and it should last a long time. The reason is that many buyers look for price instead of quality. The real rubber, flawless and properly cured is not found in low priced rubber goods.

QUIET HALLOWEEN IN ELECTRIC CITY

Police Vigilance Keeps Boys Moving—Training School to Close

Kaukauna—Outside of a few pranks near the outskirts of the city, Halloween passed quietly and the police were required to answer very few calls. In the business district the youngsters limited their good time to parading streets in costume and to seeping a few windows. A group of high school girls took adventure by the hand and sallied forth in their brothers' clothes and seemed to enjoy themselves immensely.

Only two or three parties were brought before the police and after a lecture they were dispersed.

LEGION GRIDDERS AFTER STATE TITLE

Racine Iroquois to Play at Kaukauna Next—High School Team Working Hard

Kaukauna—As a result of its win over Milwaukee last Sunday, the American legion football team is in good spirit and is looking forward to the next game with the Racine Iroquois to be played at Kaukauna. The thought of challenging for the state and championship looms larger with each victory and it is probable steps will be taken in that direction soon.

The superiority of the team in the Fox River Valley at least is evidenced by the fact that the team has won every game except Little Chute, which refused a game when it was offered. Each game has had noticeable increase in attendance and it is expected that next Sunday's crowd will break even the record set at the Milwaukee game. The number of spectators from out of town had increased greatly, many of the people coming from Appleton to see the game.

High School Preparing
There is an ominous "something" pervading the atmosphere in the vicinity of the Kaukauna high school. Conversation deals with the game with Appleton, held Saturday. The members of the team are setting the pace with their grim statements that they will beat Appleton Saturday or bust.

Every member of the team is in the pick of the football squad will be in a position to trot out on the field when the whistle blows. So great is the spirit and enthusiasm that probably half of the spectators will be in the crowd when the battle starts. The watchword since the beginning of the season has been "prepare to beat Appleton" and if that is accomplished the athletic record of the high school will be considered excellent.

Kaukauna Personal
Mrs. Joseph McCarty and children are visiting for a week with relatives in Manitowoc.

Marshall Baywood was a visitor in Green Bay Sunday.

L. P. Sanders of Manitowoc, was a guest of friends in Kaukauna Tuesday.

THOUGHT NOISE BLOWOUT BUT FINDS HE IS SHOT

Green Bay—Police are investigating the story of Joseph Hoyda, a motorist who heard what he thought was a blowout in one of his rear tires but which turned out to have been the report of a shotgun. Hoyda continued driving his car near the North city paper mills until he felt something tickling the back of his neck. He reached up and found his hand covered with blood. A charge of buck shot had blown a hole in the back of his car and part of the shot was removed from Hoyda's neck by a physician.

SULPHUR IS BEST TO CLEAR UP UGLY BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly "rings out" the itching, burning and irritation.

Mentho-Sulphur breaks eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

ALLENRU SURELY CONQUERS RHEUMATISM

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Schlitz Bros. Co. Voigt's Drug Store, Union Pharmacy and every druggist in this county is authorized to say to every rheumatic sufferer of this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.

Allenru relieves at once. Immense duty after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru who for many years suffered the tortures of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed Schlitz Bros. Co. Voigt's Drug Store and Union Pharmacy to guarantee it in every instance.

THE CARE OF YOUR SECURITIES

The problem of the care and safe keeping of your securities can be solved by depositing them with this Bank as custodian.

The Bank will undertake their safe keeping, collect principal and income and remit it to you, deposit it to your credit or distribute it as you direct.

Your securities will be kept entirely separate from all others, and can be withdrawn at any time in person or on written order.

The Bank executes the Federal Income Tax Certificates necessary for collection, advises you of all collection and distribution of income and renders periodic statements for income tax and other purposes.

Its financial judgment and experience are always at your disposal either to advise you regarding reinvestment or to actually reinvest for you under proper authorization.

This service is especially valuable to business men, and women with personal estates, who wish to be relieved of the detail connected with their investments and to women inexperienced in business affairs.

It is also extremely useful to persons who by reason of advanced years, poor health or absence from the city are unable to give their personal attention to their securities.

This Service is accurate, efficient, and very moderate in cost.

Conferences without obligation and in confidence are invited with reference to this or any other aspect of the Trust Service rendered by this Bank.

2,000 LICENSES ISSUED HUNTERS

Approximately 2,300 hunting licenses have been issued in Outagamie county, so far this season, according to an estimate from the county clerk's office.

This is believed to be practically equivalent to the number issued during the same period last year. It is expected that the number will increase, due partly to the fact that deer hunters still have between two and three weeks to secure licenses.

That the number of deer hunters leaving the county for the north woods will not be as great this year as during the two previous seasons, is the prediction.

OPEN SCHOOL HERE FOR SCRIBES OF BOY SCOUTS

Opening of a scribe school at Boy Scout headquarters at 4 o'clock Thursday afternoon will mark a new departure in Scout activities in Appleton.

Each troop in the city elects a "scribe" or secretary whose duty is to keep an accurate account of all the troop does. In order that these boys may learn to do their work well, the scribe school has been organized.

Eight scribes will be included in the opening class. Schools of this sort have been conducted in most or all of the organizations throughout the country, but never before in the Appleton organization.

DRAMA CLUB PUTS ON FIRST OF ITS PLAYS

The first of a series of plays to be given by the Drama club of Appleton Women's club was put on at the clubroom Monday evening by the Misses Lillian Smith, Stevana Shoenmaker, and Gredina Chamberlain.

The play which they presented was Gilbert Parker's "The Will," a one act play. Other members of the club formed the audience and took part in constructive criticism after the performance. Miss Ruth Johnson reviewed a Moody play which was also criticized by the club.

It is the plan of the girls interested in drama to present one play at each meeting. The best of these will be kept ready by the club to present as a part of club programs and evening's entertainment.

SEE ACCIDENT IN WHICH MOTORCYCLIST IS KILLED

While returning from Fond du Lac Monday afternoon, Chris. Roemer and Harold Pindle witnessed a collision between an automobile and motorcycle five miles north of Fond du Lac which resulted seriously for the motorcyclist, who had one of his legs severed from his body and scalp crushed. The occupants of the automobile escaped with slight injuries. The motorcycle was reduced to wreckage. The motorcyclist was Joseph Zaveling of Amherst, and the automobile was driven by J. J. Jarvis of Oshkosh.

Test Fire Escape

Members of the school board and some pupils of the school had their trousers and coats torn in descending the new spiral fire escape at the Third ward school building last week. The trouble, a small projection of metal at one of the joints in the slide, has been removed and no further accidents are expected. Pupils will be drilled in descending the new fixture and within the next few days a test will be made to see in how short a time the second and third floors can be emptied.

Red Cross Has Double Responsibility To Meet

Large Sum of Money is Needed for Mercy Organization to Carry on Its Work

In preface to the opening of the annual Red Cross roll call for members which begins Nov. 11, T. A. Gallagher, chairman of the Outagamie-co. chapter, gives a resume of the work accomplished by the organization here during the last year.

Four hundred fifty women of the county are now enrolled in home nursing classes which are being held in Seymour, Black Creek, Nichols, Nortonville, Bear Creek, Sugar Bush, Medina, Dale, Shiocton, Greenville, Stephenville, Ellington, Little Chute, Kimberly, Kaukauna, Combined Locks and Appleton.

A total of 2,235 professional visits to aid suffering have been made by Outagamie Red Cross nurses during

ing suffering caused by floods, fire and other natural calamities.

"We have an obligation to the suffering in other lands and many millions are needed for their relief. Half of each membership of \$1 goes to national headquarters toward our share of these obligations. The other side of the Red Cross program is a local one and 50 cents of each \$1 membership is spent in our own county."

"The county program includes assistance to our own disabled ex-service men, nursing and health service, the teaching of women of the county to become home nurses and the production of garments for children overseas who will perish unless we clothe them and for some children in our own county who need warm clothing."

Used Reserve Fund

"It is needless to remark that the sum expended during the year represents more than the entire amount of

the year. One hundred twenty-five disabled ex-service men have had some form of assistance from the local chapter.

A tuberculosis clinic was financed by the chapter and held at Oneida in July and 254 persons were examined by experts. The Junior Red Cross financed an adenoid clinic at Shiocton and has also furnished funds for the care of children of the county.

Has Double Work

In telling of the work of the Red Cross, Mr. Gallagher said: "The Red Cross has a double duty and responsibility. Our obligation to suffering people in other lands and to our men now in service and to those who were in service and are now in hospitals, constitutes one part of our responsibility."

"There are 11,890 men in service and the Red Cross is assisting in some way 25,000 families of these enlisted men. The greatest task is the work with disabled ex-service men. There are now in federal public health hospitals in the United States, 25,300 of these men. The number is increasing constantly and the surgeon general of the army states that this number will increase for the next five years."

"Gas, shell shock and tuberculosis are largely responsible. The American Red Cross is at the present time spending at the rate of \$10,000,000 a year for disabled men and their families. The Red Cross spends an average of \$1,500,000 annually for relief-

membership fees paid during the roll call of 1920. There was a balance of \$3,420 from war funds. This fund has been exhausted in the face of these many demands. The program in our chapter depends upon the success of this membership campaign.

"There are three classes of memberships: Annual, \$1; contributing, \$5; and sustaining, \$10. Annual memberships will be divided as heretofore. Fifty cents will go for the national program and 50 cents for the support of the chapter. Out of each \$5 membership, the chapter will retain \$4.50. The remaining 50 cents will go to national headquarters. Out of each \$10 membership the chapter will retain \$9.50 and 50 cents will go to national headquarters."

"There will be a large number of individuals who wish to do more for the Red Cross than to give a dollar

for an annual membership. It will be noted that the higher memberships leave a much larger amount in the chapter and treasuries to be used in supporting the local program and it is urged that as many as possible take out the higher memberships."

Spanish Club Elects

George Schultz of Kenosha was elected president of the Spanish club of Lawrence college at its organization meeting Monday afternoon. Other officers include Dorothy French, Appleton, vice president; Dorothy Waite, West Salem, secretary-treasurer. The club is made up of 25 members who have had two years of Spanish and its purpose is to increase the opportunity for more conversation in the language. The chapter members are these students in the class of Senor Enrique Ortiz.

EXPECT 4,000 AT HOMECOMING SPAT WITH RIPON HERE

Lawrence Linemen Preparing
to Make Gustin Hurry With
His Passes

While the college football men are working hard on the gridiron preparing for the tussle with Ripon here Nov. 12, athletic authorities of the colleges are scouring the town for bleachers to take care of the immense crowd expected at the homecoming game. At least 4,000 people are expected to crowd into Lawrence field for the battle and it will be necessary to erect large bleachers to take care of that many people.

Lawrence is expecting great things from its line in the crucial game. The Blue and White team was able to gain consistently through the Northwestern line last Saturday while Ripon was unable to puncture the Lutherans' wall. This gives McChesney reason to believe that his forwards will be able to crash through the Ripon defense.

In the games played thus far Ripon was able to carry on a strong offensive because Gustin had plenty of time to throw his forward passes. The Ripon quarterback would play far back from the scrimmage line and hold the ball until his backs or ends had plenty of time to get into the open. He won't be able to do that if the Lawrence forwards rush through and menace him. Lawrence is specializing on that kind of a defense against Ripon and hopes to break up its aerial attack in that way.

In McGlynn, Lawrence has one of the best linemen in the state and he can be counted on to make life miserable for Mr. Gustin. Captain Smith has spoiled many a pass by breaking through and menacing the thrower and he is working hard on that little stunt. Gustin will have to stand about 25 yards back of the scrimmage line if he wants to throw the ball without fear of blocking.

MARINETTE CLAIMS STATE GRID TITLE

Northern School Bases Claim
on Victory Over East
Green Bay Team

Marinette, Wis. — Marinette high school lays claim to the Badger state high school championship by virtue of East Green Bay's tied score with Oshkosh on Saturday. Oshkosh was considered with Madison, as the logical contender for the pennant honors, with Marinette running second, until last Saturday when East Green Bay, defeated by Marinette, 2 to 0, tied the Sawdust city clan, 6 to 6.

Marinette's record this year stands out and above the other schools in the state by such a wide margin that they are being acknowledged by other schools as the champions of Wisconsin.

The Queen City aggregation defeated such teams as Chippewa Falls, 17 to 3. Chippewa was the big team in the western part of the state and since then has cleaned everything. Marinette's decisive victory over them placed the northern city clan at the top of the ladder.

East Green Bay, acknowledged as one of the best teams in the middle eastern section of the state, fell a victim to Marinette and thus were eliminated from the state race. Besides the above mentioned scores, Marinette has defeated Sturgeon Bay, 96 to 0; Escanaba, 14 to 0; Fond du Lac, 10 to 0, and met the heavy Oconto team on Saturday. Marinette has scored 164 points to their opponent's 23.

Sport Views And News

New York is going in for professional football. Games will be played at the Polo Grounds on Sundays and Charlie Brickley will coach and manage the squad which is being backed by Billy Gibson, fight promoter and sporting man. The Gothamites will play under the name of the Giants and they have some of the greatest footballers in the country signed up but if Novack or some of those other Rock Islanders ever get started running around their ends we have a hunch the New Yorkers would change their names from the Giants to the Dwarfs.

Down in Kentucky, they are still celebrating Centre's victory over Harvard. The feat of the Praying Colonels will probably be the red letter spot of the 1921 football season. From news stories everything isn't quite right at home in Cambridge. After the game, last Saturday, the Crimson players were hooted by the crowds and Buell, one of the Cambridge stars, got a wallop on the jaw. How the stars do fade when a team gets beat!

Towa only nosed out Purdue by a lone touchdown. The dopesters were surprised and so was Coach Jones. It didn't take him long to find out what was wrong. According to Dame Rumor, about a half dozen of the Iowa regulars violated training rules and, as a result, were not in the "pink" for the fray with the Boiler-makers. Jones is a stickler for discipline and it is reported that about a half dozen members of the varsity will be decorating the side lines when the whistle blows for Saturday's mix-up with Minnesota.

FOCH WILL SEE FIRST GRID GAME ON SATURDAY

By United Press Leased Wire
Chicago.—Marshal Foch will attend his first football game in America Saturday when he witnesses the Chicago-Ohio State game as the guest of President Harry Pratt Judson of Chicago university.

Coach Starns is rapidly whipping his men into shape for the coming struggle. Scrimmage is being held in the afternoon and long signal drill under arc lights at night.

Beef Counts On This Team

CAPTAIN CHARLES MARBUTT
OF CAMP HOLABIRD.

Baltimore.—Camp Holabird, near Baltimore, has a famous football team. Besides hanging up a fine record for games won, the team also is famous for its beef. The soldiers' line weighs a total of 1514 pounds, end to end, an average per man of 216 2-7 pounds.

The line isn't slow freight, either. It has succeeded in outrunning its opponents right along.

The captain and coach of this big team is Captain Charles J. Marbutt, a lad weighing 290 pounds and a former star of the University of Idaho. He plays center.

The smallest man in the line is Tom Aritta, right end. He weighs 134. But Tom more than makes up for his lightness by his brand of play. He, besides being a football star, is a heavyweight fighter with a mean kick. He wins his fights by knockouts.

Another scrapper, Eddie Burnbrook, middleweight champion of the Third Corps Area, plays halfback.

The beef in the line and its quantity:
Tom Tritta, right end, 134 pounds;
Captain Underwood, right tackle, 218

pounds; Rubeus, right guard, 199; Marbutt, center, 290; Hoppee, left guard, 194; Morse, left tackle, 240; Lewis, left end, 189.

All of the big army camps in the east have football teams of class. They're now playing an elimination series and Holabird is hopeful of winning the championship, in which event they will play the Marine Corps champions here Dec. 3. The winner, on the following Saturday, will play the Great Lakes Gobs. The winner will be crowned the football service champion of America.

This Is What Too Much Law Does To Sport

New York.—One half of one per cent wrestling will be served here tomorrow for the first time.

The new kickless brew of the mat will be served without a toe hold, scissors hold, headlock or any of the other muscle and bone intoxicants of the old orgy days.

Various commissioners, agents and official smellers will be around with their foot on the ring rail when Strangler Lewis, the former exponent of the headlock and Joe Polk go into the first match Thursday night, in which politeness and courtesy will rule over brawn and muscle.

Both run the risk of being thrown out of the ring and having their license revoked if they should become angered by any impotent cat of the other fellow.

Strangler Lewis, who used to get an enemy head in the crook of his arm and squeeze it until the poor pate caved in might walk jauntily into the ring with a bunch of flowers, a box of cigars and a smiling request: "Wouldst lie down for me like a nice boy?"

RYAN WILL LEAVE MARQUETTE GRIDDERS

By United Press Leased Wire
Milwaukee.—J. J. Ryan, who for five years has been football coach at Marquette university here, will not be back next year, it was learned Wednesday.

Coach Ryan stated he was not getting the proper support from the faculty and student body and would sever his connections with Marquette at the close of this season.

Ryan, a former Dartmouth star, came here from St. Paul in 1917, where he had been mentor of the St. Thomas eleven.

WANT CLAPHAM TO WRESTLE HILL HERE

British Lion Says He is Willing
to Go on Mat With
Local Champ

Sam Clapham, who has been wrestling all over the country under the name of "The British Lion," will probably be the next opponent for George Hill. Clapham has just returned from a successful invasion of the Pacific coast states and is willing to meet the local champ if a match can be arranged. An effort also is being made to have Elmer Sanders of Ashland, who thinks he is something of a wrestler, challenge the winner of this match.

Clapham is a "tough bird," take it from men who have met him on the mat. The Britisher has wrestled the best in the country and his victories far overbalance his few defeats. If Sam will come here it will be a match worth going a long ways to see. The bout probably will be held the latter part of next week.

KAUKAUNA THREATS MAKE HIGHS WORK

Vincent's Crew is Not Taking
Any Chances in Next Sat-
urday's Game

All positions are being thrown open on the high school team this week in preparation for the coming contest with Kaukauna at Lawrence field Saturday afternoon. Every member of the local squad is fighting for a place on the machine to represent Appleton in the weekend contest.

A very keen rivalry has sprung up since Kaukauna started the tale that it will come to Appleton and return with the Orange and Blue scalp. Appleton did not consider Kaukauna as being a serious contender for championship laurels at the start of the season. According to the original schedule Appleton was to play Kaukauna the second game of the season but Kaukauna applied for a later date believing it would be in mid-season form and would be in better shape to swamp the local eleven. Coach Vincent readily assented so that Kaukauna would have no alibi after the game.

Last Saturday Kaukauna defeated North Fond du Lac by a large score and undoubtedly has a good team. Zschaecheer put on his uniform again this week after being out of the game for two weeks due to injury. Coach Vincent has no crickets on his list and all men will be in condition to give Kaukauna the best that is in them when they take the field.

GORMAN LACKS PUNCH TO FLOOR SMALL MAN

Bud Gorman of Kenosha formerly of Keneshaw, defeated Earl Olsen of Racine, in a ten round fight at Kenosha a few nights ago. Bud outweighed his man by 30 pounds but lacked the punch to put him down. Olsen fought hard and kept his big opponent guessing.

Apparently Gorman is having a hard time developing a punch. When he fought Eddie McGearty here he slipped with an open glove which didn't carry much sting behind it. Perhaps if Bud will learn how to close his hands he will be able to pile up a knockout record which will pave the way for better and bigger fights.

FOND DU LAC CAGE TEAM WANTS TO PLAY APPLETON

Fond du Lac.—The Fond du Lac "Specials," champions of the 1920 high school basketball and baseball championship, have embarked upon their journey toward another championship. Games are being negotiated with West Bend, Rhinelander, Appleton and Milwaukee. The Specials will tour the state during the Christmas vacation. Their lineup will remain practically the same as last season, with H. Postwick at guard, and Doolan at center.

Ray Gruenwald will pilot the team this season. The first game he has scheduled is for Nov. 19. Their opponent is not known as yet.

BOSTON FANS HEAR OF ANOTHER SALE OF STARS

Boston, Mass.—Hub fans are grumbling over another reported raid on the stars of the Red Sox. Everett Scott and Sam Jones are reported to be in a deal with the Tigers for Howard Blumke and Bobby Veach and Stuffy Melnick is said to be on his way to the Yankees for Wally Pipp and two other players.

OFFER REWARD FOR FINDING BODIES

Search Continues for Bodies of Hunters Believed Drowned in Storm

Spurred on by promises of \$100 rewards for the recovery of each body, searching parties are dragging the bottom of Lake Winnebago to find the bodies of Henry Kalbus, Dale Chesapeake, and Ray Thompson, Milwaukee butchers, who are believed to have drowned while duck hunting a week ago Monday night when their canoe capsized during a storm.

Parents of the two men have offered the rewards and have themselves joined in the search for the bodies. The lake bottom in the vicinity where the men are believed to have disappeared is being dragged systematically and as every area is carefully gone over, it is marked by floating buoys to avoid wasting time in redragging the place.

So far not the slightest trace of either body has been found and it is now feared that neither will be recovered until they float to the surface which is not expected to occur sooner than a week or ten days.

Circumstances are said to point to the probability that the two men were on their way toward shore in the canoe when the disaster occurred. Evidently they had been out in the launch when the motor batteries gave out. Desiring to reach shore so that they might return home without delay they trusted themselves to the frail craft.

Both men were 28 years old. Mr. Thompson is survived by his wife and 15 months old baby. Mr. Kalbus leaves a wife and 11 months old child.

Use More Water
Seventy-five per cent of the normal flow of water in Fox river is now being let down, the level of Lake Winnebago having reached the crest of Menasha dam. The water is a valuable acquisition to the paper mills as it lessens the amount of coal consumed in operating the plants. The mills have been using steam almost exclusively for several months.

Hundreds Of Letters For Richards, "Wizard"

(Continued from Page 1)

Ans.—I regret to advise you that I see no oil on your property.

E. L. S.—Is my girl true to me and will I ever marry her?

Ans.—She is true, but I would not advise a marriage at this time for you would be very unhappy, especially through her parents' displeasure at the marriage. Wait a while and you will change all your ideas concerning this.

H. C. S.—I am thinking of making a change in the spring. Will I be successful?

Ans.—Be very careful regarding this matter and lay your plans with consideration, otherwise you may have reasons to regret to hasty a decision. Do not try to dispose of your property before the middle of Feb. or later.

J. C. R.—Will I hear from the letter I wrote last week and will the answer, if any, be favorable?

Ans.—You will receive a reply Fri-

day morning of this week. The reply will confirm your request regarding money.

F. M. H.—Will my husband be brought back to this city?

Ans.—Yes, you will get definite word concerning this shortly.

F. McN.—Is my sweetheart true to me and will he ever come back here? If so when?

Ans.—Walter is now married and living in Dayton, Ohio. He was married the 12th. of last. Don't let this bother you as he never will mean anything to you and you are shortly to meet another whom you will marry early this spring.

D. L. H.—Will I marry man I am now going with?

Ans.—A marriage would be possible, but it would not be a happy one after the first eight or nine months.

S. W.—Will I inherit any money at any time?

Ans.—I can only foresee for you for two years by mail, and during that time you will not inherit any money.

R. R. C.—Is my wife true to me? If so where was she last Friday?

Ans.—Your wife is true enough, but craves a good time, which you

have neglected to show her. Treat her right, take her places, and do as you did before you married her and you will have no occasion for worry. She only craves the little attentions any woman desires from her husband, and if you want to keep her act accordingly.

L. M. J.—How much longer do you see me living in my present abode?

Ans.—I see no change for you until early next year.

H. C. A.—Will my next child be a boy or a girl?

Ans.—It will be a girl in April between the 18 to 21st.

L. A.—When will I get a diamond ring and when will we be married?

Ans.—I see you getting a ring within the very near future and a marriage this spring.

A. W.—Will I own the house I now live in, will I get the money my uncle owes me and is my wife true to me?

Ans.—You will change your mind regards to buying this property before the time arrives, and you will experience considerable delay and trouble getting the money. Certainly your wife is true, and I see no reason or cause to make you ask this question.

J. W. L.—My wife lost a diamond ring about a year and a half ago, was it lost or stolen?

Ans.—It appears to me as having been lost and she never will recover it.

E. L. L.—How long will I be at present employment and will I be successful if I go into business?

Ans.—Remain where you are until six months of 1922 have passed, and then I see you having an opportunity to enter a paying business, but not before then.

H. S.—Will my claim for compensation for disability be allowed?
Ans.—Keep constantly after this and I see you getting it, but it will not be for some little time. Your compensation will be smaller than requested however.
J. A. R.—Who and when will I marry?
Ans.—Marry the young man who asked you last night. He will make you a very good husband. You will be the Mother of a girl in 1923 and another girl the latter part of 1924.
U. R.—I have a boy friend in Newton Falls, N. Y. Does he love me and will he marry me?
Ans.—He likes you very well, but I do not see a marriage for you as he is keenly infatuated with a girl there. Don't worry however as he is not your proper mate and you should not marry for at least two more years if you would be happy.
J. McC.—Who stole my bottle of hooch from my room Saturday night?
Ans.—Why did you tell Frank S.

H. P.—Will I ever marry?
Ans.—I don't see an immediate marriage for you, but I see you meeting a lady in about five to six months from now, who would make you an excellent wife if you make the most of your opportunity.
T. C. W.—Where is my 22 calibre revolver?
Ans.—Your Mother hid it in the bottom drawer of the dresser in her bed room.

"Way I See It"
Way I see it, life ain't right. Things ain't runnin' perfect, quite. Rich folks has it over poor. World's chuck full of ills to cure; Love's too weak and hate's too strong. Good too often bows to Wrong. Yet, though everywhere we go, Life's bound up with grief and woe. Grumbly ain't the way to free it.

Way I see it, I should say Strivin' is the better way. Strivin' hard, an' 'hopin', too. That our dreams is comin' true; Fighin' 'em all the time. Fighin' all life's muck an' grime. Yet, through toil an' strain an' stress, Keepin' cheerful, none the less.

Twenty-five Seekers of Citizenship Given Preliminary Examinations

More than 25 applicants for citizenship papers were given preliminary examinations at the courthouse Tuesday evening by W. S. Ford to ascertain whether they needed to be given special work in citizenship prior to the final examination before the court which will be held next month and next June.

Practically all of the applicants enrolled in the course in citizenship to be given at the vocational school to prepare them for the final examination.

Several applicants were present who had been in the United States from ten to twenty years and up to the time of the war thought they were citizens and had voted at all elections.

It was found that of the number

AUTOMOBILE MEN FORM ASSOCIATION

Dealers and Repairmen Organize to Put Business on Cash Basis

Automobile and auto accessory dealers, garage owners and repairmen formed the Appleton Automotive and Service Dealers association at a meeting in the Sherman house Tuesday evening. This organization is formed to establish a better feeling of fellowship among automobile dealers and repairmen and to conduct their repair business on a strictly cash basis.

It was explained that one reason for the high cost of automobile repairing is the large number of uncollectible accounts which make it necessary to charge "cash customers" more in order to make up losses. It is planned to do away with this entirely.

August Brandt was elected president of the association. Other officers are Edward Schneider, vice president; Leo Milhaupt, secretary and treasurer.

Another meeting will be held next Tuesday evening. It is planned to meet frequently the first few weeks and after that to hold gatherings once each month.

JITNEY BUS CASE TRIAL ADJOURNED

Homan Bus Line Action Against Neenah and Ellis to be Tried Here

Upon motion of legal counsel for the City of Neenah and A. K. Ellis, defendants in the suit started by the Homan Auto Bus Line of Menasha, adjournment until November 14 was granted in circuit court in Appleton Tuesday. The defendants have withdrawn their motion for a change of venue and the case will be tried upon its merits in the local court.

The action seeks to prevent the city of Neenah from enforcing three ordinances adopted sometime ago by the common council licensing and regulating the motor buses operating here. The Homan bus line obtained a temporary restraining order from Judge E. V. Werner and consequently the ordinances have not been enforced.

The case will have far reaching effects. Involved in it is the question whether or not a city can legally license and regulate motor buses operating within its corporate limits.

Owing to this, the trial of the case will be watched with almost statewide interest and other cities where motor bus licensing and regulation is either in effect or contemplated are interested in its outcome.

The carpenters union will hold a meeting at Trades and Labor hall Wednesday evening. Routine business will come up for consideration.

F. P. YOUNG LEAVES INTERLAKE OFFICE

Frank P. Young, who severed his connection with the Interlake Pulp and Paper Co. Nov. 1, was the guest of honor at a dinner in the private dining room of the Sherman house Tuesday evening that was given by 25 of his former associates. Mr. Young was at the head of the employment department of the plant for three years, resigning as principal of the Second district schools to accept the position. He has not announced his future plans.

MISS SINDAHL IN RECITAL AT NEENAH

Former Lawrence College Woman Appears in Benefit Concert

With the return of one after another successful artist and writer to Appleton and vicinity after long periods of hard work in places far removed from the every day life of the folks back home, members of the Economic club of Neenah and Menasha are calling attention to a young artist, Miss Lillian May Sindhahl, who only recently left her home in Neenah to study music intensively in Chicago. Under the auspices of that club, Miss Sindhahl will appear in recital in the Neenah theatre, at 8:30 Monday, Nov. 7.

Many Appleton patrons of the Lawrence Conservatory programs will remember Miss Sindhahl's appearance at Lawrence chapel last season. Until she went to Chicago last spring, practically all of the Neenah singer's training had been at the Lawrence conservatory where she studied with Carl Waterman for three years. She came to him first as a child in high school, with a remarkably pretty soprano voice. After an illness, she again took up her studies at which time her voice had developed some of its birdlike qualities. Dean Waterman said Tuesday, that he is confident of her future.

While at Lawrence, Miss Sindhahl was awarded the Presser scholarship in 1920. She won the state contest in Milwaukee in March, 1921 and entered the Tri-State contest in Chicago. It was there that F. Wright Neuman first heard her sing and it was through his influence that she began her intensive study with Alexander Nakutin, the Russian tenor. A banquet recital at that time given by the Economics club made it possible for Miss Sindhahl to commence her Chicago study. The concert is being given Monday evening so that she may continue.

Since going to the city, Miss Sindhahl has been appearing in various connections including a week at the Roosevelt theatre. She is featured in connection with her appearance in costume to sing the Norwegian Echo song as Chicago's Norwegian Nightingale. She is scheduled to appear with the Chicago Symphony orchestra in November. It is Mr. Neuman's intention to have Miss Sindhahl sing for Mary Garden of the Metropolitan Opera company.

It is interesting to note that Miss Sindhahl will sing the Swiss Echo song which Mme. Melius sang at her home concert. The Fullenwider String quartette will assist at the concert.

dilemma in connection with the renewal of the Anglo-Japanese alliance. The alliance, it had been decided, would remain in effect for at least an other year, or even more unless specifically abrogated.

So President Harding issued the call. Curiously enough the publicity was somewhat bungled, that is from the European viewpoint—something that doesn't happen often. Before the formal call was issued by President Harding—two days to be exact—Prime Minister Lloyd George almost let the cat out of the bag by referring mysteriously to a diplomatic note which had been sent to the powers and to which replies were expected before the next move in the Anglo-Japanese situation could be discussed. It had been hoped that informal soundings might develop whether Japan would come into such a conference and then formal announcement could be made.

But it didn't work out that way. Mr. Harding issued the call and gave the facts at once to the press. Japan might have been debating still whether to enter an international conference on Far Eastern questions if the discussion had been kept secret. With invitations issued to the major powers of the world, Japan could not afford to quibble and hesitate. She was compelled by world opinion to enter the conference.

Sooner or later Japan will realize that when America projected Far Eastern questions in the conference on limitation of armaments, that act sealed the doom of the Anglo-Japanese alliance, though it might well be said that Canada and Australia had already made it impossible for the British government to keep the pact much longer.

LOCKED DOOR KEEPS BURGLAR OUT OF CELLAR

By locking the inside cellar door at night, L. F. Bushey, 552 Pacific, prevented burglars from entering his residence a few nights ago. He was not aware the cellar had been visited until he unlocked the door at the foot of the stairway and discovered it was also locked from the other side. On going to the rear of his residence he found that a screen had been removed from a cellar window through which entrance was effected. Finding the inside door locked, the burglar locked it from the other side. So far as is known nothing in the cellar was molested.

LLOYD GEORGE DELAYED IN START FOR AMERICA

London—The Irish peace negotiations were resumed Wednesday in a final effort to avert a complete breakdown of the conference.

British and Sinn Fein delegates met in the government offices in Downing street at noon.

Official announcement was made Wednesday afternoon that it was extremely unlikely Lloyd George would be able to sail Saturday to attend the Washington arms conference as scheduled.

D. O. Kenney of Milwaukee was in Appleton visiting with friends Wednesday.

GOVERNOR THREATENS TO "FIRE" SHERIFF

Rhineland, Wis.—The clash between Gov. John J. Blaine and Judge A. H. Reid over the release of Peter Christ, alleged strike leader, reached a climax Wednesday when Sheriff Hans Rodd, Oneida, county, was given ten days by the governor to show cause why he should not be removed from office for failure to recognize the pardon order.

Charges were filed against Rodd yesterday by Joseph Weisman of this city. Although Christ was not freed on the governor's pardon, he was released this afternoon on expiration of his sentence. A hearing on the charges against Rodd will probably be held at Madison November 14.

STARTING TODAY, THE PALACE WILL SERVE A NOON-DAY BUSINESS LUNCH FROM 11 O'CLOCK TO 2 O'CLOCK.

HATS

ANOTHER NEW SHADE has suddenly climbed to the peak of millinery fashions. A most becoming shade it is, and quite a novel one for hats—Sapphire Blue. Belnord sponsors this new color in the most recent creations of that house. A small hat of sapphire blue velvet has a soft crown embroidered in chenille. The stiff turn-up brim is covered with light grey broad tail. Two jet ornaments poke out at the side.

The most stunning flowers edge the crown of a Belnord turban in sapphire velvet. Each blossom is made up of three concentric color rings—black, sapphire and grey. The hat is quite plain but very charming. Another Belnord turban of sapphire blue is trimmed with steel beads.

Those who favor a wider hat will want to see a soft shape of the same sapphire velvet with panels of grey broadtail on the underside of the brim. The crown is trimmed with queer stitchings in silver thread and a narrow two toned silver and sapphire ribbon. A sapphire blue Rawak hat is trimmed with a band of light grey K
